BGC Eurozone Inflation Package Features:

Expanded Inflation Swap Coverage: Swaps and seasonal fixings for six European markets

Inflation Options: Year-on-Year and Zero Coupon caps and floors for three European markets

Historical, Intra-Day and End-of-Day services available

FENICS Market Data is one of the world's leading specialist providers of real-time, tradable, indicative, end-of-day and historical OTC market data. Data is sourced directly from the BGC groups global broking operations – including electronic broking, global pricing systems and analytics – to provide clients with specialized, independent and verifiable OTC pricing services.

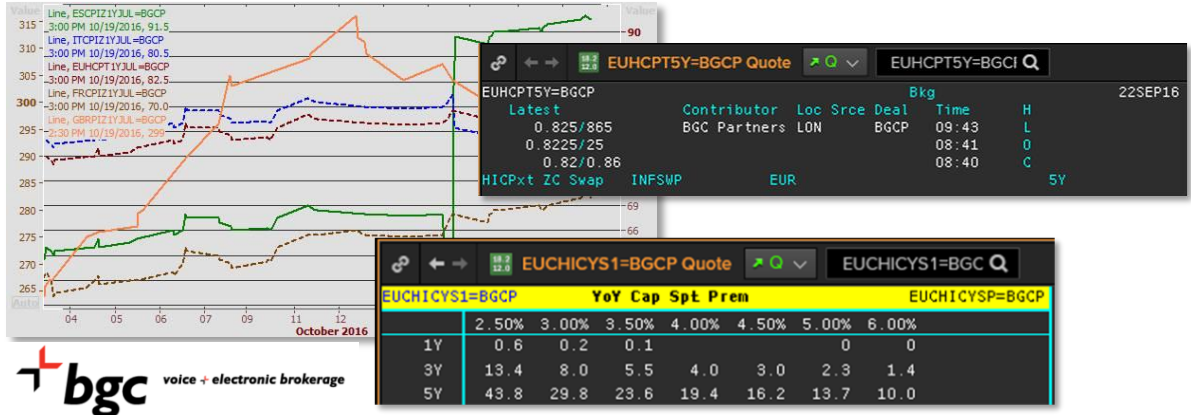

FENICS Market Data is pleased to announce the release of the **BGC Eurozone Inflation Package**, covering both Inflation Linked Swaps and Options for the major Eurozone markets. This package expands upon BGC's current inflation offering with additional country and extended curve coverage for seasonal fixing swaps. Currently, BGC is the only provider of Eurozone seasonal fixing inflation swaps on Thomson Reuters.

This package is free to view on Eikon desktop; licensing options are available for application use.
